"YOU ARE SO YOUNG TO SUFFER!"

This occurrence is frequent. Young girls in public schools where great rivalry exists, often try to accomplish too much, and nervousness and their delicate organizations are unequal to the mental strain. That the ambitious child is taken from school — "to rest" — is distressing.

This is wrong. The brightness of a child should be cared for. Intelligent mothers know what to do. Thousands of bright-eyed, rosy cheeked, energetic and lovable pale girls regard Mrs. Pinkham as their guardian. They save tears.

Send stamp for "Guide to Health," a book for girls.

A HORRIBLE BUTCHERY.

Deliberate Murder of a Contractor in Nevada.

Must be Queer People There to Sustain Such a Deed.

SALT LAKE, Utah, May 20. Word has been received here of the killing of Mr. Collin, of the firm of Collin & Kilpatrick, engineers, of Dundee, which took place last Tuesday near Pioche, Nevada. According to the report two men employed by Collin quit work and demanded that he should pay them. Collin told him that they could not quit and that he would not pay them. One of them taking out his watch said, he would give Collin eight minutes to settle, holding the watch in his hand, while the other held a gun in close proximity to his victim. Collin did not appear to realize what the end of the eight minutes meant, but when the eight minutes were made and public sentiment appeared to be with the people who did the killing.

A TERRIBLE FRIGHT.

Man Shoots Himself at Sight of Police Officers.—Valuable Property Found.

BOSTON, May 20. This forenoon two police officers went to the house No. 25 Kirkland street to search for stolen property. Their ring at the door was responded to by a man supposed to be William Grossman, who upon learning of the errand of the officers placed a revolver to his head and blew out his brains. In his pockets they found twenty-four bank books, not one representing less than $500. Grossman was a lodger at the house. Forty-one gold and silver watches and a large number of gold pencils were found by a plumber in unloading out a drain pipe in the bath room some days ago. He turned them over to the proprietor of the house, who said one of his lodgers was a jewelry dealer. This morning the plumber notified the police, with the above result. Grossman was thought by the officers to have been a fence or a burglar.

WOMEN ORGANIZING

To Enforce the Law in Kansas—Force of 400 Strong.

TOPEKA, Kan., May 20. The temperance women of the city are so thoroughly indignant over the effects of the original package decision that they have banded together, 400 strong, to enforce the State law despite the Supreme Court's decision. It is expected that a raid will be made upon the original package "joints" to-day.

RHODE ISLAND.

Arrest Caused by Anthony Comstock.

PROVIDENCE, R. I., May 20. Anthony Comstock, of New York, yesterday caused the arrest of Frank O. Webcakey for sending lottery tickets through the mails. Webcakey was appointed agent of Medina Council No. 12, Order of Grand Orient, to send out circulars advertising their approaching fair, which offers to purchasers of season tickets cash prizes amounting to $5,025. Webcakey furnished bonds.

STABBING AFFRAY.

An Old Feud the Cause.

AUGUSTA, Ga., May 20. At Odom, Ga., yesterday, Justice W. H. Aspinwall and George Odom engaged in an encounter caused by an old feud. Aspinwall was shot in the head and Odom stabbed in the left side. Both may die.

BANK ARRIVES

And Now Comes a Total Loss.

SAN FRANCISCO, Cal., May 20. The steamer Karluk arrived yesterday from Kodiak Alaska, bringing the information that the bark Corea, Capt. Wyman, had gone ashore at Cook's Inlet and with her cargo was a total loss. No lives were lost. The bark left this port carrying supplies for the salmon canneries March 27th.

BOSTON PUBLIC BARS.

Law being Enforced to Prevent Liquor Being Sold from the Public Bars.

BOSTON, May 20. Three weeks ago the Police Commissioners notified the liquor dealers of Boston that after twenty days the fifth condition of their licenses which prohibits the sale of intoxicating liquors over public bars would be enforced and recommended that all bars be removed within that time. Gov. Brackett called attention in his annual message to this provision of the law and the Legislature recently passed a resolution directing its enforcement. The twenty days matter expired to-day and as a result all bar fixtures are being quietly sold at private auction or over the bars. A few shortsighted men complied with the recommendation to remove their bars, but most of them simply had their bars wired screwing placed from the top of the bar to the ceiling, thus preventing the possibility of

Regular Liquor Over the Bars.

Both bar tenders and patrons regard the enforcement of the law as a huge practical joke played upon them by the temperance people. The law says that no drink shall be served without food, but the dealers say the commissioners have told them that they may serve drinks on the counter without food.

A majority of the saloon keepers made no arrangements to serve food. The Oysters generally seem to be trying to obey the law as they understand it. Chairman Whitney of the Police Commissioners, says to-day they shall strictly enforce the law, but they are in doubt as to its application in particular cases, and a few days more will be taken to the others. Only seven appeals to overrule the application of the law are expected, and these will be made slowly and with care.

BENEFIT OF PROTECTION.

An Immense Tin Plate Mill to Be Erected if the McKinley Tariff Bill Passed.

NEW YORK, May 20. A special from Pittsburg, Pa., says that half a million dollars will be invested in the erection of a tin plate mill in this vicinity if the McKinley tariff bill passes. It will be one of the largest in the world. J. Davis Lewis, who is a tin plate manufacturer in Wales, and at the head of the proposed enterprise, Davis says the prospects for the American tin plate industry are magnificent if the McKinley bill passes, in which event his company will build immediately.

DEMOCRATIC BANQUET.

A Struggle in the Connecticut Senate.

HARTFORD, Conn., May 20. Colonel Ely Brown, of New Britain, Lt. Col. Thompson of New Britain, and Major Hubbard of Hartford, all members of the First Regiment of N. G., were to-day served with summons to show by what authority they held their positions. The prosecutions are brought at the instance of Gen. Case, Lt. Col. Thompson and Major Smith. These last officers are the ones who were dishonorably discharged by Governor Ramsey because they insisted upon retaining their commissions after the Governor had mustered the First Regiment out of the public service. The officers against whom the proceedings are brought are the same, appointed by the Governor to fill the positions left vacant by the officers discharged. Today's proceedings are regarded as the beginning of a long and probably bitter legal fight to determine whether or not the Governor has a legal right to dishonorably discharge officers without first giving them a hearing.

JESSE JAMES GANG.

Three Members Salted to be Under Arrest.

MADISON, Wis., May 20. It is reported that three members of the Jesse James gang are now under arrest at Jefferson, in this State; and that officers from Missouri were in the city yesterday and obtained a requisition for their return to Missouri.

PETIT PACIFIC.

Mexico is Quite at Present.

SAN ANTONIO, Texas, May 20. The Mexican Consul contradicts the statement sent hence last week of a threatened revolution in Coahuila. He declares that Mexico is in a thoroughly pacific mood at present.

SHAW HELD

For the Murder of Emery.

WENTWORTH, N. H., May 20. An inquest was held over Joseph M. Emery, who died here last evening, this afternoon. The verdict was that Emery came to his death from a kick by Walter H. Shaw. Shaw was arraigned by Solicitor Mitchell before George Farr, of Littleton, and pleaded not guilty. He waived trial and was committed to the Haverhill jail until the November term at Plymouth.

LOCAL MATTERS.

Mr. E. W. Hughes, of Foxcroft, was in the city yesterday at the Bangor Exchange.

Mrs. Warren of North Adams, Mass., is visiting her parents, Mr. and Mrs. W. S. Sawyer, at their home in this city.

Mr. George Kimball and daughter, of Cambridge, Mass., are spending a few days in the city at the Bangor Exchange.

Mr. Charles Horner, Superintendent of the Bucksport electric works, was in the city yesterday on plans down storage batteries in the office of Mr. Fred S. Palmer.

Memorial services will be held in the First Congregational church in Brewer, next Sunday evening. Rev. E. B. Merrill, pastor of the church, will deliver the address.

Mr. F. W. Gross returned to his home in this city yesterday afternoon from his trip to Montreal, returning by the same route which he went on. He leaves to-day for St. John.

George Bliss, a boy about ten years of age, accidentally stepped on the head of a Polish boy in the school house on York street, Monday, crushing one of the former severely.

The work of laying the pipe for the system of water works at Old Town is going on as fast as possible, but the work is necessarily rather slow as there is much blasting to be done.

The schooners for the entertainment to be given at the First Parish church, May 27th, are progressing. "Pinafore Dames," a travesty on some of Shakespeare's characters, had been selected for representation.

Mr. Fred W. Beane of this city, has entered Hiroel rose mare Nellie M., for the 2.50 class in the meet of the Central Park Association, at Fitchburg, June 3rd and 4th. The mare has a record of 2.36, made at Exeter, and is constantly improving.

Hours has been received here of the death, at her home in Brunswick, Georgia, of Mrs. Charlotte W. Brooks, on the 15th, at the advanced age of 87 years. Mrs. Brooks was a sister of Mr. Daniel Webster and the late Mrs. F. W. Carr, of this city, and leaves two daughters and one son to mourn their loss. For several years she lived at Wiscasset but during the war moved to Brunswick where she remained until her death.

A Specimen Improvement. The wheat in the rear of the stores occupied by T. White, W. O. Colcord and the other stores and offices on the west end of Kenduskeag bridge and Central street, has been cleared up and the debris, which has been a long time accumulating there, taken away, making a great improvement in a place which is directly in the sight of every one entering the postoffice. It has been suggested by one of our citizens that the place should be converted into a flower garden, as it would be so much pleasanter to those who look on it day after day. The suggestion has already been acted on by one gentleman, who has planted a row of sun-flowers and more are to be planted, but yet there is room to spare.

Quick Passage of a Lumber Raft. One day last week, Mr. Elisha Rowe, of Old Town, brought a raft of lumber to this city when the current was so swift that the men generally would not take the risk. The raft contained 160,000 feet of long lumber and 150,000 feet of laths from the mill of W. T. Pearson & Co., at Great Works. From the time the raft swung into the river to the time when it reached the dock in this city, it was just one and three-fourths hours, which was a pretty quick passage. A gentleman who had never ridden down on the river rafts but thought it would be fun, took the trip and during part of the trip, especially through the sluices, was to whing ing weak from fright that he might have fallen over had he not been caught in time. When they finally reached land again he stepped off the raft with a remark to the effect that he had had all the riding on rafts that he cared for and there wasn't much fun in it, after all.

A Miraculous Escape. A man whose name we could not learn had a narrow and almost miraculous escape from a serious and possibly fatal accident at the pulp mill of the Eastern Manufacturing Company in South Brewer, yesterday morning. He was not an employee of the company, but had been to an upper story and was coming down the stairs near which a shaft was revolving at a high rate of speed, when suddenly his clothing became entangled in the shaft and in less time than it takes to tell it he was being whirled around the shaft, which was stopped as soon as possible, but not before every shred of clothing he had on had been torn off, even his shoes being thrown off by the force of the revolutions. When the man was finally removed from his dangerous position, it was found that he had escaped uninjured, after going through an experience which seldom comes to a man more than once in a lifetime, as in most cases he would have been killed outright. He had no watch, but after making a thorough search his watch-chain, knife, pocket-book and pipe were found where they had landed. It was a most remarkable escape.

Moosehead Lake Notes. Messrs. Leighton, Davenport & Co. have just completed the work of plumbing Moosehead Inn, and have done a fine job. The house is fitted up in fine style with all conveniences, with bath rooms, water closets, set bowls, etc., on each floor, and the laundry, kitchen, etc., are fitted with the most modern improvements in that line. The work has been finely done by Mr. Al. Davenport, assisted by Mr. Sleeper, and is highly complimentary to their skill and workmanship. The joiners are busily at work putting on the finishing touches and the painters are hard at work to get the house in readiness for opening July 1st.

The new steamer on Chesuncook Lake made a most successful and easy run down the West Branch and has commenced the work of towing the logs. We are promised a report of the winter's trip from one of the party who made the trip.——The high water in the lake, aided by the heavy gale, opened by the gale of last Friday afternoon, carried away half of the long wharf at North East Carry. It will be an expensive job to replace it, on the wharf was half piled and hay in it, etc. [illegible]

There were more summer residents in their cottages at Bar Harbor on the eighteenth of this month, than there ever were before at that date, as a gentleman who was in the city yesterday informed us. This seems to be an indication that it will be a good year for Bar Harbor.

Mr. Chris Toole, proprietor of the Merchant's Hotel, commenced work yesterday, on the store formerly occupied by the late George E. Chick, which is to be connected with the office of the hotel and used as a reading room for the guests, as there is not room enough in the office as it is at present.

Gentine Letter.

(Regular Correspondence Whig and Courier.)

Our correspondent writes: The clock given by the late Mrs. S. P. Johnston, came on the steamer City of Richmond, Wednesday. It will be placed in the Orthodox church.

Mr. and Mrs. J. P. Cushman came on Saturday from Boston.

Rev. Mr. Fairfield and family came Wednesday on the steamer Cimbria.

Rev. Mr. Dennett of Augusta, preached in the Unitarian church Sunday and Rev. J. F. Locke preached in Belfast.

J. W. Dresser went to Boston on a business trip Friday.

Prof. J. R. Ames and wife came Saturday to look after the repairs on their home.

H. C. Williams of New York, has sold his steamer Great Eastern to an ice company at Orland, which will use her to tow scows.

The schooner Annie Barker of Castine, is at Belfast having some repairs, and being restocked. Capt. John N. Gardiner, is superintending the job.

Arrived, schooner Henry Whitney, Sellers, New York, with coal for the Castine Coal Company.

Capt. Charles Patterson has bought nine-sixteenths of the schooner Lizzie Poor and will put her in the coasting business.

STATE NEWS.

Androscoggin.

Plans are being laid for building a Masonic hall at Blaine, says the Aroostook Star-Herald. The building will be two stories, of good size, which is full for the use on the ground floor and a Masonic hall above. The tenantry have already about $500, the result of a few hours work.

Eighty thousand five hundred barrels of potatoes shipped from Carlton during the season from August 25, 1889, to May 1, 1890, and $100,850 paid for them to the farmers!

Cumberland.

The monotony of the Cumber and Superior court was enlivened by a rather picturesque case yesterday. A famous local character, Daniel Friel, was in company with his wife, was indicted for keeping a liquor nuisance, was the respondent. Friel couldn't get a lawyer to sell him for what he was willing to pay, so he undertook his own defence. He examined the officers, keeping up a running commentary of their answers, though the judge ordered him to cease. His comments were not admissible. He tried persistently to introduce as evidence "affidavit of some of the best men in town to my good character;" and when to his question, "Did you ever see me drunk?" an officer replied, "I have," "I mean have you been looking in the glass," Daniel retorted. At the close of the testimony Friel addressed the jury, and left off his best Sunday hat and a respirator donned with merriment even his Honor growing red in the face from suppressed merriment. Daniel's scoring the members of the bar for not adhering closer to the morality and ethics of the profession was enjoyed by the spectators, but notwithstanding his eloquence he was convicted.

Mrs. E. F. Beals, of Auburn, State president of the Women's Relief Corps of Maine, has arranged to have the State convention in Portland, at City Hall, June 18th and 19th.

Miss Dalton, daughter of Rev. Asa Dalton, of Portland, will sail for England within a few weeks and will remain abroad several months.

Franklin.

Two of Farmington's noted industries are the production of sweet corn and maple syrup. The corn packers are encouraged by the fine quality of last season's product and are manufacturing same for a large amount of corn. Mooney, Wheeler and Dingley will have 300,000 cans and have completely remodeled all their buildings. Stean Tiscup is making 120,000 cans and has put to add to his present facilities a 30 or 50-horse power boiler. Burnham & Merrill's Farmington establishment will be prepared to take care of 250,000 cans of corn, and E. E. Greenwood over 100,000 cans. The maple syrup product in one neighborhood cannot be less than two thousand gallons.

Kennebec.

Capt. Oliver F. Howard, an old-time master fisherman, died in Gloucester, Mass., Saturday. He had been in poor health some time. He was a native of Deer Isle, and went to Gloucester when about twenty years of age. He became a pioneer mariner in 1815. He was pilot of Gen. Scott's yacht America during the trip to Nova Scotian waters fifteen years ago, after which he gave up the sea, retiring to private life. He was sixty-seven years of age.

A FURIOUS STORM.

Heavy Rain and High Winds do Considerable Damage.

Houses Unroofed and Other Property Suffers in Several Places.

BALTIMORE, May 20. This morning Baltimore was visited by a very heavy rain and rain storm. Eight houses in a neighborhood on South Penn street were unroofed and the rooms deluged with water. Considerable damage was done in the southwestern suburbs.

Great Damage by the Storm.

SCHUYLKILL, Pa., May 20. This place and vicinity were to-day visited by one of the most severe rain storms in the history. The rain fell in torrents from 6 o'clock Monday evening until 10 o'clock yesterday morning. The Richmond shoe manufactory suffers to guess and drifted down the Schuylkill. Basements were flooded, roads cut up and lawns and gardens destroyed. Railroad tracks were submerged, suburban bridges were carried away. The loss will be large.
